PREFACE

THIS Register of the Massachusetts Society of the Colonial Dames of America was begun some three years ago by Mrs. Henry W. Cunningham, who worked untiringly for a year, and then, for various reasons, relinquished the task. It was she who conceived the brilliant idea of employing Mr. J. Gardner Bartlett, a genealogist very well known on both sides of the Atlantic, to revise the biographies of the ancestors through whom members of the Society claim eligibility. The result is surprising, and shows in a very vivid way how much more accurate our knowledge of the past has grown. Unfortunately, therefore, many members will find that they have lost some cherished ancestor from their list. The reasons are varied. In some cases the line was incorrect, and the member did not descend from the ancestor claimed, while in other cases the man, though eligible, had no children. Sometimes the service could not be proved or was wrong or belonged to another man of the same name. The most frequent mistake was in taking the title "Captain" for a military one, when in reality the man who bore it followed the sea.

The other side of the shield, however, is pleasanter, for some will find ancestors, disallowed in former Registers, rehabilitated as eligible by this further research.

Mr. Bartlett has done a wonderful piece of work. His wife, who is our own genealogist, Elizabeth French Bartlett, has had charge of the first half of the book, and her work matches his. Her share has involved a large correspondence, and an infinite amount of detail and dull drudgery. The final result is exceptionally accurate, and should be a source of pride to the Society.

The form of the book has been changed in order to avoid the necessity of two volumes. So in the list of Associate Members, no supplementals have been included, and the lists of supplementary claims of the Massachusetts members have been

put into three columns of small type. Both lists have been arranged in alphabetical order, so that indices might be eliminated. This condensation was done to avoid too great present and future expense, since the annual additions to our membership are so great. The present plan is to buy the type metal, so that the next Register can be printed merely by adding to this one. We feel that the very thorough revision has made this possible.

The photogravure plates for the portraits of ancestors through whom many Dames claim descent have been very kindly lent us by the Boston Athenæum, from its three-volume work on the "Portraits of the Founders."

Ethel Stanwood Bolton,
Registrar.

Commonwealth of Massachusetts

Be it known that whereas Sara P. Lowell Blake, Grace Parkman Coffin, Mary Lynde Cochrane, Ella Lyman, Mary Adams Quincy, Elizabeth R. Sprague, and Elizabeth Cabot Winsor have associated themselves with the intention of forming a corporation, under the name of the Massachusetts Society of Colonial Dames of America, for the purpose of collecting historical and genealogical information relating to the colonial period of Massachusetts and encouraging interest in American history, and have complied with the provisions of the statutes of this Commonwealth in such case made and provided, as appears from the certificate of the President, Treasurer, Secretary, and Managers of said corporation, duly approved by the Commissioner of Corporations and recorded in this office, now, therefore, I, William M. Olin, Secretary of the Commonwealth of Massachusetts, do hereby certify that said Sara P. Lowell Blake, Grace Parkman Coffin, Mary Lynde Cochrane, Ella Lyman, Mary Adams Quincy, Elizabeth R. WM. M. OLIN,
Secretary of the Commonwealth.

CONSTITUTION

As amended by the Council of 1912

PREAMBLE

Whereas, History shows that the remembrance of a nation's glory in the past stimulates to national greatness in the future, and that successive generations are awakened to truer patriotism and aroused to noble endeavor by the contemplation of the heroic deeds of their forefathers, therefore the Society of Colonial Dames of America has been formed, that the descendants of those men who in the Colonial period by their rectitude, courage, and self-denial prepared the way for success in that struggle which gained for the country its liberty and constitution, may associate themselves together to do honor to the virtues of their forefathers, and to encourage in all who come under their influence, true patriotism, built on a knowledge of the self-sacrifice and heroism of those men of the colonies who laid the foundation of this great nation.

ARTICLE I

TITLE

1. *Name and Organization.* This Society shall be known by the name, style, and title of the National Society of the Colonial Dames of America, and shall be composed of Corporate Societies, of which there are: the Societies of the Thirteen Colonial States, or the Ancestral Societies; the Society of the District of Columbia, or the Domicile or Charter Society; and the Societies of the Non-Colonial States, or the Associate Societies.

Every member of every State Society shall be a Dame of one of the Thirteen Ancestral Societies.

ARTICLE II

OBJECTS

1. The objects of this Society shall be to collect and preserve manuscripts, traditions, relics, and mementos of bygone days; to preserve and restore buildings connected with the early history of our country, to diffuse healthful and intelligent information concerning the past, to create a popular interest in our Colonial history, to stimulate a spirit of true patriotism and a genuine love of country, and to impress upon the young the sacred obligation of honoring the memory of those heroic ancestors whose ability, valor, sufferings, and achievements are beyond all praise.

ARTICLE III

ELIGIBILITY OF MEMBERS

1. *Membership.* The Corporate Societies shall be composed entirely of women who are descended in their own right from some ancestor of worthy life who came to reside in an American colony prior to 1750, which ancestor, or some one of his descendants, being a lineal ascendant of the applicant, shall have rendered efficient service to his country during the Colonial period, either in the founding of a commonwealth or of an institution which has survived and developed into importance, or who shall have held an important position in a Colonial government, or who, by distinguished services, shall have contributed to the founding of this great and powerful nation.

2. *Date of Ancestor's Services.* All services which constitute a claim to membership must have been rendered before July 5, 1776, but this date shall be held to include all the signers of the Declaration of Independence.

ARTICLE IV

COUNCILS

1. *Meetings.* The regular meeting of the National Society of the Colonial Dames of America shall be held every two years in Washington, D. C. Special meetings may be held upon the

order of the National President or upon a request of not less than eight of the original fourteen societies, with the addition of a majority of the Associate Societies.

2. *Members.* Such meetings shall consist of the National officers and representatives from the Corporate Societies, as provided in the Covenant ratified at the Council of 1910.

3. *Method of Voting.* The vote of each of the original fourteen societies, however cast, shall count as five, and in voting on the Constitution and in balloting for officers, each society delegation shall vote as a unit.

4. *Expenses.* The necessary expense of such meetings shall be borne by the National Society, and it shall be empowered, at its regular meetings, to assess each Corporate Society in order to provide requisite funds.

5. *Officers.* At the regular meeting of the National Society, a President, three Vice-Presidents, Secretary, Assistant Secretary, Treasurer, Registrar, and Historian shall be elected by ballot, a majority of the delegates elected or appointed to the Council being necessary to a choice, and each chairman casting the ballot of her delegation in accordance with the wishes of a majority of said delegation. All officers to serve until the next regular meeting or until their successors shall be chosen.

6. *Admission of Societies.* The National Society shall have power at any meeting to admit a Corporate Society thereto from any State in the Union and from the District of Columbia, provided such State or District is not already represented in the National Society.

7. *Quorum.* A majority of the delegates elected or appointed to the Council shall form a quorum.

ARTICLE V

CORPORATE SOCIETIES

1. *Meetings.* The Corporate Societies of the Colonial Dames of America shall meet annually on the day appointed by their several by-laws, and oftener if found expedient.

2. *Officers and Managers.* Their affairs shall be conducted by a Board, consisting of a President, two Vice-Presidents, and twelve or more Managers, who shall be elected by ballot by the members of the said State Society.

3. *Elections.* The Presidents and Vice-Presidents shall be chosen annually. The Managers shall serve for three years, and the term of one-third shall expire annually. The Board shall fill its own vacancies, the members chosen to serve until the next annual election. At the first meeting of the Board, after the annual election, they shall organize by choosing from their own members two Secretaries, a Treasurer, a Registrar, and a Historian. All officers shall continue to hold office until their successors are elected.

4. *Membership.* The members of the Corporate Societies of the Colonial Dames of America at the date of the certificate of the incorporation of the Corporate Society shall be elected members of the corporation at the first meeting of the said Society, subsequent to the incorporation, and thereafter no person shall be a candidate for admission unless invited and proposed by one member and seconded by another member of the Society, to both of whom the candidate must be well known, and by whom she shall be recommended.

5. *Admission of Members.* The President of each of the original fourteen societies shall, from time to time, appoint from the Board of Managers three persons who shall examine the claims of each candidate, and report in writing to the President. When such reports are unanimously favorable, the name of the candidate shall be presented at any meeting of the Board of Managers next after the report of such nomination shall have been received by the President. The name of each candidate shall be voted upon separately, and, if any member of the Board of Managers so demands, by ballot. Two negative votes shall act as a rejection of the candidate.

6. *Dues.* Each member shall contribute upon her admission to the Society, and annually thereafter, such sums as the by-laws of the respective Corporate Societies may require; but

any Corporate Society may provide for the endowment of life memberships by the payment of a proper sum.

7. *Authority.* The Corporate Societies shall regulate all matters respecting their own affairs consistent with the general good of the Society; judge of the qualifications of their members, or of those proposed for membership, subject, however, to the provisions of this constitution; and shall have the power to expel any member who, by conduct unbecoming a gentlewoman, may render herself unworthy to continue in membership.

8. *Registrar's Report.* The Registrar of each Corporate Society shall transmit to the National Registrar a list of the members thereof, and from time to time, as the same shall be printed, the names and official designations of those from whom such members derive their claim to membership; and thereafter, upon the admission of each Corporate Society, the Registrar thereof shall transmit to the National Registrar information respecting such members similar to that herein required.

9. *Circular Letters.* Each Corporate Society shall cause to be transmitted annually to the other Corporate Societies a circular letter calling attention to whatever may be thought worthy of observation concerning the welfare of the Society, and giving information of the officers chosen for the year; and copies of these letters shall also be transmitted to the National Secretary, to be preserved among the records of the Society.

10. *State Seals.* Each Corporate Society shall adopt its own seal.

11. *Certificates.* Each member, when admitted to the privileges of one of the original fourteen societies, is entitled to receive a certificate of membership signed by the President and Secretary, and bearing the seal of the Society.

12. *Form of Certificate.* The form shall be:—

.....has been duly elected a member of the .....National Society of the Colonial Dames of America, in right of her ancestor.....In testimony whereof, the names of the.....President and Secretary and the seal of the .....Society are hereunto affixed.

ARTICLE VI

BADGE AND SEAL

1. *Custodian.* The custodian of the insignia shall be the National Registrar, who shall issue a badge to members of any Corporate Society upon an order from the Registrar of any of the original fourteen societies. She shall keep a register of such issue, wherein each badge issued may be identified by the number thereof, and each Corporate Society shall have its own numbers.

2. *Description of Badge.* The badge shall consist of a round disc with a center of light blue enamel, and the figure of a Colonial Dame in gold, modeled in relief, on the same. Around the center of blue enamel shall be a circle of white enamel, with the title of the Society, "National Society Colonial Dames of America," in gold letters, flush. Surmounting this shall be the modeled figure of an eagle in gold, and diverging from the disc twenty rays in gold, arranged in four groups of five each, the three center rays in each group to be surmounted by stars of blue enamel, these, with a similar star placed immediately below the central disc, being emblematic of the thirteen original States.

3. *Motto and Material.* On the reverse side of the badge shall be the motto, *"Virtutes Majorum Filiæ Conservant."* The materials of the badge shall be 14-karat gold and enamel, and it shall be worn suspended by a silk ribbon of blue and yellow from a gold bar on which is the name of the State.

4. *Ribbon.* This ribbon shall be one and one-half inches wide, the central section of blue being one inch, with a section one-quarter of an inch wide on each side.

5. *Use of Badge.* This badge shall be worn by the members on all occasions when they assemble officially for any stated purpose or celebration, and may be worn on any occasion of ceremony. It shall be carried conspicuously on the left breast, but members who are or have been national officers may wear it suspended from the ribbon around the neck.

6. *Seal.* The seal of the National Society shall be: Within a beaded annulet, a title scroll bearing the inscription, "National Society of the Colonial Dames of America."

Within the scroll a shield, surmounted of the crown, quarterly of four—

7. *Use of Seal.* This seal to be used on the certificate, for further authentication, and with it the signatures of the National President and National Secretary.

ARTICLE VII

AMENDMENTS

This constitution may be altered, added to, or amended by the vote of four-fifths of the delegates elected or appointed to the Council; but the unanimous consent of said Council shall be necessary to amend or repeal the conditions of admission into the Society, and the basis of representation in the National Councils set forth in the Covenant ratified at the Council of 1910, and stated in Article I and Article IV, paragraph 2, of this constitution; or to adopt any amendments which shall interfere with the present status and rights of the original fourteen societies; or to repeal paragraph 3 of Article IV.

Due notice of an intention to amend any clause or article of this constitution shall be given to each of the Corporate Societies one year before the meeting of the Council at which action is to be taken on such change, alteration, or amendment.

MAY, 1912.

REQUIREMENTS FOR ADMISSION

to the

Massachusetts Society of the Colonial Dames of America

(Incorporated April 13, 1893)

1. Women residing in the State of Massachusetts are eligible for admission, the qualifying services of whose ancestors were rendered in the Province of the Massachusetts Bay, or in the Colonies of New Plymouth or of the Massachusetts Bay, in conformity with the Eligibility List of this Society.

2. Women residing in the State of Massachusetts, the qualifying services of whose ancestors were rendered in some other one of the American Colonies or Provinces, and who would be admitted into the Massachusetts Society on the Eligibility List of the Society of such other Colonial State.

3. Women residing elsewhere than in one of the thirteen Colonial States, the qualifying services of whose ancestors were rendered in the Province of the Massachusetts Bay, or in the Colonies of New Plymouth or of the Massachusetts Bay.

4. Candidates for admission shall in every instance be *invited* and proposed by one member, and seconded by another member of the Society, to whom the candidate must be well known, and by whom she shall be recommended by letter. Such letters should be sent to the Corresponding Secretary.

5. Candidates for membership from non-Colonial States must be proposed and seconded by members of their own State Societies and indorsed by the President of the same on presentation papers, which should then be sent to the Registrar. If the pedigree blanks are not returned filled out within two years from the date of presentation, they become void and must be renewed by the non-Colonial Society.

6. Candidates for admission to the Society, after their names shall have been passed by the Board of Managers, will receive from the Registrar notification of the fact, together with two blanks, both for use of the Society, a list of Regulations, and

a model paper, in accordance with which the above blanks should be prepared.

7. No member of the Board of Managers or of the Eligibility Committee shall nominate an applicant for membership.

8. No candidate for membership shall be proposed or seconded by a member of her immediate family.

9. One line of ancestry is sufficient for entry to the Society, supplemental claims being registered later. Blanks for five supplemental claims will be allowed free to each new member upon application to the Registrar.

10. Five supplemental claims will be filed free of charge by the Society. If claims beyond that number are filed, the claimant shall pay the Massachusetts Society $2.00 each, in addition to the fees for verification and for the notary. This amount shall be paid to the Registrar when application is made for supplemental blanks. Consultation with the Genealogist as to the eligibility of each ancestor is therefore advised. Additional application papers may be had from the Registrar by the payment of $2.00 each.

11. An order for the National Insignia, $15.00, the Recognition Pin, $4.50, or the Massachusetts badge (the Codfish pin), $12.75, may be obtained by applying to the Registrar.

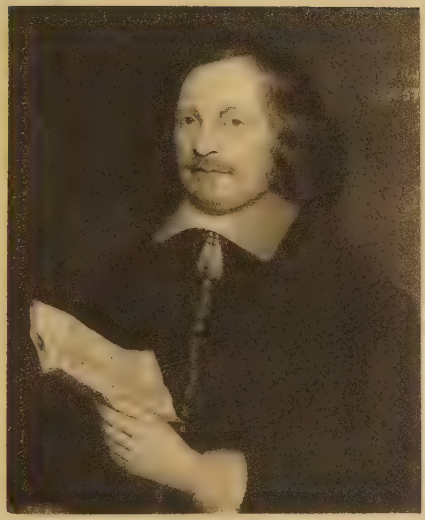
12. The initiation fee is $25.00. The annual fee is $10.00. Certificates of membership may be had by applying to the Registrar. Price, $7.50.

REGULATIONS

Please note carefully

Membership papers *must be prepared by a competent person* in accordance with the following rules. They must contain:—

1. Ancestor's name, and place and date of his birth, marriage, and death, when obtainable; his residence; his services, with dates and authority in proof of the same. These proofs should be, if possible, from authoritative original records.



EDWARD WINSLOW
At Pilgrim Hall, Plymouth

References for service must be, as far as possible, to original sources, except for ancestors given in the 1927 edition of the Register of the Massachusetts Society of Colonial Dames, to which volume reference may be made. Do not copy service from nor refer to earlier editions of this book, nor to Registers of other Societies.

2. Full name (NOT INITIALS), and place and date of birth, marriage, and death of the applicant and each ancestor through whom the line of descent is claimed, beginning with the parent, and authority in proof of the same.

3. The genealogy of the applicant as far back as her grandparents should be known to her, and to this she must make a personal affidavit, which is placed on page three of her application papers, *but references for the birth of the grandparents must be furnished.* This "affidavit of applicant" must be signed before a notary and stamped with his official seal. No other notarial seal is to be placed on any part of the application paper, nor any signatures but those for which the specified places are assigned on it.

The great-grandparents are to be placed in first space under the signature of applicant, continuing in line to the ancestor through whom the applicant enters. The name of the ancestor through whom descent is claimed should be placed first on the line in each generation.

A verified copy is one made by affidavit, stating that the affiant has carefully compared the copy with the original, and that it is a true and correct copy thereof.

A certified copy of a record or document is one made by the person having the custody thereof, and need not be sworn to.

All proofs must be stated in the corresponding spaces under the head of "References" on page two. Unpublished proofs must be certified or verified, and sent *in duplicate* with their affidavits on separate papers. Do not attach these to the application paper.

Five supplemental claims may be sworn to by the Massachusetts Genealogist under one affidavit. New members auto-

matically take their mothers', grandmothers', and sisters' supplemental claims on proof of descent.

The Committee will be obliged to return to the applicant for amendment all papers which do not conform to these regulations, and which are not sufficiently neat. If the applicant shall have sent in her pedigree papers within the two-year limit, and they are found to be incomplete, she shall be dropped from the waiting list unless the material is forthcoming within three months of the request for such information.

4. Where it is impossible to obtain dates of marriage and birth, the reason why it is so must be stated, and evidence supplied of the fact, together with proof that the ancestor in question was the child of the one next preceding him or her. This evidence may be given by certified or verified copies of wills, deeds, or other documents, or of tombstone inscriptions showing the relationship. Proof of date of death is deemed important, but not so absolutely essential, in all cases, as that of birth and marriage.

5. If Bible or other family records are cited in support of claims to membership, an affidavit embodying copies of the same must be filed with the Society, or the original documents must be presented for the inspection of the Eligibility Committee. Photographic copies are best if they are obtainable.

Church or Town or other records, where not published, must be shown by certified or verified copies. *Associate members must furnish these in duplicate.*

6. All published authorities must be accurately given, *with title and number and page of volume,* but the Genealogist and the Eligibility Committee will reserve to itself the right to judge of the value of references to Town Histories and Family Genealogies, many of which are known to be inaccurate and unreliable. Many Massachusetts Vital Records are in print, and are deposited in the State Libraries of all the States. These should be referred to as corroborative evidence.

7. No applicant will be accredited with information which does not actually appear upon her papers, *even when the facts*

are well known and have been given in other papers previously examined. The Board, however, authorizes the use of material such as affidavits, sworn papers, etc., which are in the Archives, for such persons as may need them in substantiating their own claims upon entrance into the Society. References are to be made on the application papers to those already filed. This is to be done under proper supervision.

8. It is recommended that applicants keep a copy of their papers for future reference.

9. *All papers, both Colonial and Associate, must be dated, signed by the Applicant, Proposer, and Seconder, and, together with all documentary proof, returned to the Registrar. Applications of the Associate Members must be made out in duplicate, and must also be signed by the Non-Colonial President.*

10. All papers must be examined by the genealogist of the Society at the expense of the applicant. This charge will be at the rate of $3.00 an hour for the genealogist's time, and it is therefore desirable that papers should be as full and accurate as possible before they are sent to the Registrar. There will also be a charge of one dollar additional for the notary.

11. The same rules are applicable to Supplemental claims, except that the latter need not be made out in duplicate and need not be sworn to. They require only the signature of the applicant on page one.

12. The genealogist will recommend the names of professional genealogists competent to make out papers to any one desiring such service.

The Massachusetts Genealogist shall in no case make out papers for prospective members. It is her office to verify papers made out by others, or to copy existing papers, under certain restrictions.

It has been found inexpedient for the Massachusetts Genealogist to verify the papers of other Colonial Dames Societies, but she may be empowered, for her usual fee, to verify the service of an ancestor.

(Apply to Mrs. Elizabeth French Bartlett, 9 Ashburton Place, Boston, Mass.)

INFORMATION CONCERNING ADMISSION OF MEMBERS TO THE STATE SOCIETIES FORMING THE NATIONAL SOCIETY OF COLONIAL DAMES OF AMERICA

Membership in the National Society of Colonial Dames of America is acquired by invitation only.

A candidate must be invited to join the Society of the State in which she lives by at least two members to whom she is personally known. Her name will be considered by the Committee on Eligibility and by the Board of Managers. She must be personally known to two members of the Board of Managers before her name can come before them to be voted upon and she be invited to join the Society.

No candidate's personal application for membership is ever considered by any State Society.

The National Society of Colonial Dames of America is composed of the members of the different State Societies. There are no members of the National Society who are not members of one of the State Societies.

RULES OF TRANSFER

of the

Massachusetts Society of Colonial Dames of America

FIRST FORM

A NON-COLONIAL MEMBER TRANSFERRED TO ANOTHER NON-COLONIAL STATE

must, after her election, resign from the State she is leaving, and, as is obligatory, notify the Registrars of the States she is leaving, joining, and the Colonial State of which she is still a member, of her intended transfer. She must then obtain, at her own expense, from the Parent State a certified copy of her entrance paper, to be given the State she is joining. This transfer does not change her rights in her Parent State.

Her certificate, at her own expense, must then have a note added, showing she has been transferred. She must also have the bar and number on her insignia changed.

SECOND FORM

A NON-COLONIAL MEMBER TRANSFERRED TO HER PARENT STATE

must, as is obligatory, notify the Registrars of the States she is leaving and wishing to join, at the same time sending to the latter Registrar the necessary letters of recommendation from her former President and Registrar.

The Parent State then reserves the right to have these letters brought before the Board of Managers to be voted upon.

She must, after her election, resign from the State she is leaving.

THIRD FORM

A DAME OF A COLONIAL STATE TRANSFERRED TO ANOTHER COLONIAL STATE

must, as is obligatory, notify the Registrars of the States she is leaving and wishing to join. She must then be proposed and seconded by members, to whom she is well known, of the State she is joining, and be invited in the regular way of all members of a Colonial State.

She must, after her election, resign from the State she is leaving.

The Eligibility Committee will pass upon her papers, which must be made out in exact accordance with the Rules of the Society. This the Society does to protect itself, as many of the early papers of early members are most incomplete. Her certificate must then have a note added, showing she has been transferred, also her bar and number on her insignia must be changed. All expenses of this change and of her entrance papers, etc., must be borne by the member wishing to be transferred.

FOURTH FORM

A NON-COLONIAL MEMBER OF A COLONIAL STATE TRANSFERRED TO ANOTHER COLONIAL STATE

must proceed in exact accordance with the above third form of transfer, and, as in all cases, all expenses are borne by the member being transferred.

She will resign, after her election, from the non-Colonial State and Colonial State of which she is a member.

Massachusetts Society of the Colonial Dames of America

RULES OF ENTRANCE, 1927

COLONIAL STATES

1. A candidate must be proposed and seconded by two members to whom she is well known. They must not be Officers, Board Members, or nearer relations than first cousins. They will write separate letters to the Corresponding Secretary. The candidate must also be well known to two members of the Board of Managers.

2. The names of candidates and their proposers must be read at a Board Meeting and voted on at one of the two meetings appointed for elections,* December and April. At these meetings fifteen shall constitute a quorum. The ballots are first marked by the members with a Cross (X), secretly, indicating the names which they prefer. If the candidate obtains the required twelve votes, a second election is held, two black balls excluding. If the candidate does not obtain a sufficient number of votes, her name shall not again be brought before the Board until a year from that date. Any name, after being on the waiting list for two years, shall be brought up at the April meeting of the Board of Managers, and voted in or dropped. The name may be dropped by vote of ten members.†

3. When the candidate is voted in, the Registrar will send her an engraved note of invitation, and on receiving her acceptance, will at once send her the requisite pedigree blanks, signed by the Registrar, with address. They must be filled out by some *competent person,* signed as indicated on them, by herself and her proposer and seconder, and returned to the Registrar, who forwards them to the Genealogist. If mailed, *they should be Registered* and a return receipt requested.

* April 10, 1922.

† February 13, 1922.

4. The Genealogist verifies them, and presents them to the Eligibility Committee, which passes upon them, and returns them to the Genealogist. She signs and seals them before a notary, and returns them to the Chairman of the Committee, who brings or sends them to the next Board Meeting. Here they are passed by a *viva voce* vote (this is understood to be a mere formality), and presented to the Registrar, who signs them, and returns them to the Genealogist, who with the Chairman of the Eligibility Committee shall be responsible for their safe-keeping. The Genealogist may not lend them, but may make copies of them for authorized persons at her regular fee. The Registrar may consult the papers at any time when it shall become necessary in her work. No one else but the member herself may consult any of her papers.

5. The applicant is now notified of her election by the Registrar, on an engraved form, filled up with her name and number, and is now a member, subject only to the condition of paying her entrance dues and fees, after which her name will be placed on the Record Book.

ASSOCIATE STATES

1. The papers of an Associate Applicant are in all respects like the Colonial, except that they are signed in addition by the President of her own State Society. The said Society will send her own presentation note to the Registrar of the Ancestral State. This presentation note must contain the *name of the ancestor, the years of his birth and death, his place of residence, and at least one service through which he is eligible,* with the authority for such service. This application is not brought before the Board, nor is it necessary to send the original presentation notes, pedigrees, recommendations, or any other matter with them.

2. The Registrar of the Ancestral State will at once send the pedigree blanks. If it be desired that they be sent to the Applicant, her full address must have been appended to the

presentation note, otherwise they will be sent to her State Registrar, unless some other authorized person be expressly designated. When returned to the Registrar, filled and signed, they should be registered and a return receipt requested. The Registrar will send them to the Genealogist, who, after verifying them, will present them to the Eligibility Committee, who proceeds as with Colonial papers. The list of these members is read by the Chairman of the Eligibility Committee at the next Board meeting.* This is a formality, the State in which the applicant resides being the sole judge of her personal qualifications. She becomes a member of the Society upon payment of her entrance fees to the Massachusetts Society. Should these not be paid within two years, her name is dropped from the rolls of both Societies. Should she, however, ever remove to her Ancestral State, and wish to be transferred to membership there, her name must be voted on again by the Board, who may reject it if they think fit. (See rules of transfer.)

3. After she has been notified by the Treasurer that the entrance dues are paid, the Registrar will notify the Non-Colonial President and Registrar, and the Genealogist will send one of the Associate Pedigree Blanks, with a copy of all original documents filed, to the Registrar of the Member's own State, and keep the other with the archives belonging to this Society, of which she and the Chairman of the Eligibility Committee now have charge.

OTHER RULES PASSED BY THE BOARD OF MANAGERS

All expenses of entrance, in making out papers and their verification, are borne by the candidate. In the case of an applicant, who may enter upon her mother's, grandmother's or sister's claim, if the ancestor is still accepted as eligible, she shall pay for perfecting this entrance paper for her use. As papers of the older members contain no dates, places, and few

*January 10, 1927.

references, these must be furnished by the applicant using incomplete papers, in accordance with our more recent rules.

No member may change the ancestor through whom she entered except to one of her lineal ancestors bearing her maiden name.

Any lady invited to become a Colonial Dame, and neglecting to fill and send in her papers, shall be dropped from the list after two years.

Hereafter a *Colonial Candidate* need file but *one* entrance paper.

An applicant may, *by permission* of her aunt, enter the Massachusetts Society on a copy of the papers belonging to her aunt, but she must pay all expenses incurred as in the rule above applying to a daughter.

Hereafter but two members a year may be taken into the Massachusetts Society by transfer.

A SHORT HISTORY OF THE ACCOMPLISHMENTS OF THE NATIONAL SOCIETY AND OF THE MASSACHUSETTS SOCIETY OF THE COLONIAL DAMES

By Edith Greenough Wendell

It has seemed wise, with the passing of the years, to give a short account of the formation of the National Society of the Colonial Dames of America, that the younger and newer members may understand its constitution and growth, and realize its achievements.

The first of the Societies was organized in Philadelphia on April 8, 1891, and important women of old American ancestry and tradition from other of the Colonial States and the District of Columbia were invited to unite and form a National Organization. The Constitution adopted provided that there should be a Society in each of the thirteen Colonial States and one in the District of Columbia, but seven years later, in 1898, Associate Societies were established in the non-Colonial States. Its Colonial character is perpetuated in two ways: every Dame must belong to one of the thirteen Colonial States through residence or ancestry; and the Colonial Societies are given more delegates to the National Councils than those who live in non-Colonial States.

Article II of the National Constitution expresses with beautiful clearness "the objects of the Society," which shall be to collect and preserve manuscripts, traditions, relics, and mementos of bygone days; to preserve and restore buildings connected with the early history of our country; to diffuse healthful and intelligent information concerning the past; to create a popular interest in our Colonial history; to stimulate a spirit of true patriotism and a genuine love of country; and to impress upon the young the sacred obligation of honoring the memory of those heroic ancestors whose ability, valor, sufferings, and achievements are beyond all praise."

The National Society has worked quietly without newspaper advertisements or publicity, and therefore is not as generally known in its work as it deserves to be. I will mention briefly a few of its accomplishments:

The rebuilding in 1907 of the church in Jamestown, Virginia, to celebrate the 300th anniversary of the first English settlement in 1607. The church was originally built in 1640, but all but the brick tower had been burned in Bacon's rebellion of 1670.

During the Spanish-American War the Relief Committee raised $46,598 for hospital ships, and in 1902, erected a monument in the cemetery at Arlington to the Soldiers and Sailors of the United States who gave their lives in 1898–99.

During the Great War the Dames raised $50,000 for the equipment of Naval Hospital ships, and a silk flag was given to General Pershing "for the first American troops sent abroad in 1917."

In 1900 a National Committee on publication was formed, and published "correspondence of William Pitt when Secretary of State for the Colonies," "Letters of Richard Henry Lee," "Letters of William Shirley, Governor of Massachusetts, 1731–1760," and "Diary of a Lady of Quality." Also a volume of "Old Silver in American Churches" by E. Alfred Jones of England in 1913.

The National Society has contributed $25,000 to the George Washington Memorial in Washington.

The Plymouth Rock Portico was erected over the Rock in 1921 to celebrate the 300th anniversary of the landing of the Pilgrims in 1620.

The last National feat was the raising, in 1924, of $112,000 for the support of Sulgrave Manor in England. In all these enterprises so successfully accomplished Massachusetts has taken a conspicuous and generous part.

Now for our own Massachusetts share of personal achievement:

The Massachusetts Society was founded and incorporated in 1893. For the first years the founders were chiefly concerned with the important study of the records and in making the Eligibility Lists. As younger members joined, more concrete work appealed to their energies. The Edmund Quincy House in Quincy was acquired in 1904 in coöperation with the State. This house, usually known as the "Dorothy Quincy Homestead," has been a source of pleasure and education to the new members.

The Massachusetts Society has published four Registers in 1905, 1912, 1917, and in 1927. A book of "Wax Portraits and Silhouettes" was published in 1914 (now out of print); "American Samplers" in 1921; a short History of the United States in Italian and Polish, with an English translation opposite each page as an aid to the new Americans. We have put up several tablets commemorating important men or events worth recording.

It is impossible in such a concise notice to tell of many minor but notable events contributing to our development and place in the community. But far more important to preserve is the spirit of the National Colonial Dames. In the changing America of our day let us keep our standards, our traditions, and our reverence, and yet be able to meet the new values with understanding.

REGISTER OF ANCESTORS

COLONEL ROBERT BOLLING
Owned by Richard M. Bolling, Esq.

REGISTER OF ANCESTORS

The following biographies of ancestors give their services according to the different eligibility requirements for the various colonies where they resided, as adopted by the corresponding State Societies of Colonial Dames. For example, the rules of the Massachusetts Society require only three terms as deputy, but those of Connecticut demand ten years in this service.

The name of the ancestor is followed by the years of his birth and death; unless actual contemporary records of dates of births or baptism and death or burial are available, the term "about" is appended to the year. The residences of the ancestor during his services are then given, and a note of his college education (if any).

In the list of services the civil officers are given first and are followed by the records of military service.

The annual elections in the New England Colonies were generally held in May. The years given for the annual offices are the various years in which the ancestor was elected; but years of service given for indeterminate appointive offices (like judges in Massachusetts) show the total period covered. Years connected by a hyphen are inclusive.

Service is not credited to ancestors who were elected or appointed to office but declined to serve, or failed to take the qualifying oath, or for other reasons failed to perform the service.

When an ancestor was chosen a deputy or representative for a certain year, but at the assembling of the house was at once elected an assistant or councillor, such one day attendance as deputy or representative is not included as service.

Commissioned military titles applied to ancestors in contemporary evidences, such as colony, county, town or church records, or on gravestones, are accepted as evidence of commissioned tenure of the offices indicated.

The Colonial Dames of Massachusetts consider the adoption of the Declaration of Independence, 4 July 1776, as the civil and

political close of the Colonial Period, and 31 Dec. 1774 as the close of military service in that period.

Prior to 1752, dates from Jan. 1 to March 25 are given in the historical year; *i.e.*, 5 Feb. 1674/5 is given as 1675.

Ancestors who were deputies or representatives represented the towns where they resided, unless otherwise stated.

Ancestors are credited with services in Massachusetts (with Maine) strictly according to the present eligibility rules of the Massachusetts Society of Colonial Dames, adopted in January, 1923, as printed in this book, and with services in other colonies according to the latest printed eligibility rules of the Societies severally representing these colonies. Certain of these Societies have accepted some ancestors on service not in accordance with their own eligibility rules. This is, of course, their privilege, but the Massachusetts Society has decided to accept service only in accordance with the printed rules of the Society representing the Colony in which the ancestor served.

Certain ancestors formerly accepted for reasons then constituting eligibility (like service in Massachusetts as ensign), but now and hereafter not acceptable according to the present rules, are included in this book. Such ancestors, no longer to be accepted, are marked with an asterisk*. Certain other ancestors, whose services were not in accordance with eligibility rules but were erroneously accepted and included in former Registers, have been omitted from this book.
